Inaugural Meeting of Council

Clinton Council Chambers, 1423 Cariboo Highway

Wednesday, November 9, 2022 at 7:00pm

In Attendance: Mayor Swan, Councillors: Burrage, McIlravey, Rivett, Park
Mayor Stanke, Councillors: Kosovic, Schapansky

Absent:

Staff: CAO Daly, CFO McKague

Media: 1 Public: 7

Mission Statement: *"To Increase Economic Opportunity and Improve the Quality of Life for all Citizens."*

Vision Statement: *"Clinton is a lively resilient community, proud of its rich heritage while building a sustainable future with local Secwepemc and neighboring communities"*

Call to Order

The Mayor called the meeting to order at 7:00 pm

"Mayor and Council acknowledge that we are meeting on the traditional ancestral and unceded territory of the Whispering Pines/Clinton Indian Band and High Bar First Nation"

Adoption of the Agenda

Moved and Seconded

R147-22 That Council approves the Agenda dated November 9, 2022. CARRIED

Adoption of the Minutes

Moved and Seconded

R148-22 That the Minutes of the Regular Meeting of Council dated October 26, 2022, be adopted. CARRIED

Farewell to Outgoing Council

CAO Daly thanked all outgoing Council members and presented each of them with a Service Award commemorating their time on Council.

Outgoing Mayor, Susan Swan presented a list of achievements that Council was able to accomplish over the past 4-year term.

Welcome to New Council Members

Incoming Mayor, Roland Stanke was the first to take the Oath of Office and be sworn in as the New Mayor of Clinton.

Nicholas Kosovic was next to take the Oath of Office and be sworn in as a Councillor.

Darrell Schapansky was third to take the Oath of Office and be sworn in as Councillor.

Appointment of Thompson Nicola Regional District (TNRD) Board Member

Moved and Seconded

- R149-22 **THAT, Mayor Roland Stanke be our Thompson Nicola Regional District (TNRD) Board Member.**
CARRIED

Moved and Seconded

- R150-22 **THAT, Councillor Park be the alternate representative for the Thompson Nicola Regional District.**
CARRIED

Appointment of Deputy Mayor

Moved and Seconded

- R151-22 **THAT, Councillor Sandi Burrage be appointed as Deputy Mayor.**
CARRIED

Council Signing Authorities

Moved and Seconded

- R152-22 **THAT, Council endorse staff to add Mayor Stanke as signing authority for the Village of Clinton and identify the Deputy Mayor for second signing authority, which is Councillor Sandi Burrage.**
CARRIED

Moved and Seconded

- R153-22 **THAT, Council endorse staff to issue a Mastercard to Mayor Stanke for purchases related to Mayoral and Village business with a spending limit of \$5000.00.**
CARRIED

Delegation

None

Question Period

A member of the gallery thanked outgoing Council for all their hard work in the past 4 years and congratulated the incoming Council.

October 15, 2022

Dear Friends,

We would like to sincerely thank you for any support you have given us over the past 20 years. Our goal has been to provide supplies for a Christmas dinner, as well as some extra food and goodies, to those people in our area who are in need. Last year the Ashcroft & Area Community Resources Society (CRS) prepared and distributed 190 Christmas Food Hampers within Ashcroft, Cache Creek, Clinton, Spences Bridge and Walhachin. This year, in light of the impact the wildfires and flooding have had on our communities, we are anticipating an even greater need for food hampers. We consider this to be another year of opportunity to serve some of the less fortunate within our communities, and we are inviting you to partner with us, as you are able.

Unfortunately the cost of basic groceries has increased over the last year, and so it will be necessary for us to carefully use the money you provide to us. Should we raise more money than is necessary for our Christmas Hamper needs, the surplus will be used for other community endeavors. This past year we were able to provide for some of the needs of the flooding victims around Spences Bridge, and of Lytton evacuees from this year's wildfires. We have also produced a brochure outlining Services for Seniors in our communities.

We are reminding you that we have an e-transfer option for contributors. Donations may be made through on-line banking. Our e-mail address is ashcroftcrs@yahoo.com. Subject: Treasurer/Christmas Hampers (if code is necessary, use hampers.) If you provide us with your e-mail address in the Message line, we will e-mail you a thank you letter, along with an Income Tax receipt. We also welcome cheques made payable to: Ashcroft & Area CRS/Christmas Hampers and mailed to: CRS Christmas Hampers, Box 1137, Ashcroft, B.C. V0K 1A0. You will receive a Thank You letter and an Income Tax Receipt by return mail.

Over the last few years, we have trained our dedicated volunteers to efficiently pack our hampers. Therefore, we are not in need of volunteers for this purpose. However, should any of your people wish to deliver hampers in the Ashcroft/Cache Creek area on the morning of December 17, we would welcome their service. Please call Vivian at 250-457-7081 to sign up. For more information, please contact the CRS Christmas Hamper Committee Chair (Esther Lang - 250-453-9085 or elang123@telus.net). Thank you for anything you can do to support our communities.

Sincerely,

Esther Lang

Dear Mayor Roland Stanke and Councilors,

On behalf of BC Assessment, I want to offer my congratulations regarding your recent success in the 2022 local government general elections. My name is Tracy Shymko, and I am the regional liaison for your community.

BC Assessment is the Crown corporation responsible for producing independent and equitable annual property assessments and trusted assessment information. The products and services that we offer support development of strong and vibrant communities in British Columbia.

All British Columbia property owners will receive their annual property assessment notices in early January 2023. You can visit bcassessment.ca on January 3 to access a variety of 2023 assessment information including searching and comparing 2023 property assessments as well as regional news releases with detailed assessment value changes by community and other market movement trends.

In addition, please visit our Local Government webpage anytime to access self-serve products and services available to support you at:

<https://info.bcasessment.ca/services-products/government/local-government/> Our Local Government Department strives to serve local governments with continuous improvement to ensure our products and services effectively meet your needs. You can contact our Local Government Department at localgovernment@bcassessment.ca.

Congratulations once again, and we welcome opportunities to grow the relationship between BC Assessment and your Council. We look forward to connecting with you at upcoming local government conferences and we are available to present to your Council upon request to share more details about our mandate and specific market activity within your community.

Sincerely,

Tracy Shymko

01 November 2022

SUBJECT: Snow Removal Operations, Railroad Crossings

To whom it may concern,

During the winter months, snow removal operations are carried out in order for roads to be safe for its users. In past years, CN regularly observes a build-up of snow on the side of the road, a by-product of the snow removal, which can lead to motorist visibility being obstructed at rail crossings. In addition, this snow build-up can affect the proper operation of the Automatic Warning Devices (AWD) at the crossing.

Since winter is approaching, CN wishes to proactively circulate snow clearing procedures at crossings to road authorities, for distribution to snowplow operators and roadway maintenance workers., Please refer to the attached Operation Lifesaver brochure entitled *Railway Safety Tips for Municipal Maintenance Workers*.

In addition to the tips listed in the brochure, the following are some of the best practices for snow removal operators:

- When plowing snow at crossings, the snowplow blade must be raised before going over the crossing surface to ensure that the blades do not damage the rails.
- Windrows must not be left between the rails or within 5 metres of the track. This can result in unsafe conditions with reduced sightlines at the crossing, malfunctioning warning systems, and trains hitting windrows which could result in derailment, injuries, and or vehicle damage caused by thrown snow and ice. Also, windrows must not be left on railway access roads parallel to the track that provide railway employees access to their property and equipment for weekly/monthly inspection.
- Snow piles must not restrict sightlines on the approach to the crossing, including motorists' visibility of crossing signs or signals.
- When plowing bridges over CN tracks, ensure the plow is not directing snow over the sides of the bridge onto CN's tracks beneath as this can cause damage to our cables and track operations.
- Never dump salt or chemicals directly on or near any crossing. Salt or chemicals reduce the resistant properties of track ties and rock ballast. This is turn can cause the electrical signals carried through the rails to short out, resulting in activation of flashing light warning devices or malfunction of train signals.
- To prevent sand from being carried onto the tracks, ensure sand is not applied with three (3) metres of a crossing
- Ensure snow is cleared in a safe and timely manner to prevent incidents above or near rail tracks

CN requests your cooperation in ensuring that these best practices are communicated promptly to snowplow operators and roadway maintenance workers in order to ensure the safety of public level crossings in your jurisdiction. Please be reminded that the Road Authority is responsible to ensure that snow removal operations do not affect, in any way, the safety of public level crossings. We thank you in advance for your cooperation.

In the case that snow is permitted to accumulate on the crossing, near the AWD's, or any other location where it may compromise vehicular safety or affect railway operations, please be advised that CN will undertake corrective work at the cost of the Road Authority.

In case of an incident, CN identifies all public crossings with a mile and subdivision marker which is located on the crossing posts or signal box near crossings. A 24-hour emergency number is also identified, 1-800-465-9239. **Any incident involving damage to signage, crossing surface or rails at a crossing should be called in to the emergency number immediately.**

Should you have any questions or concerns, please do not hesitate to contact the undersigned.

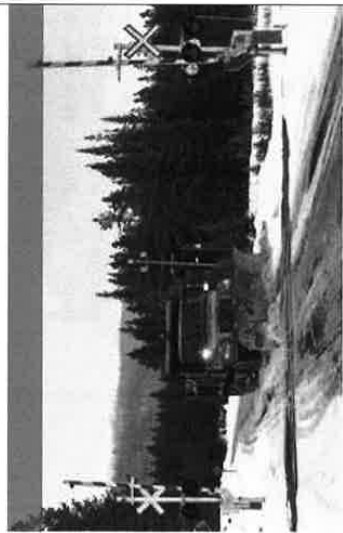

Sincerely,

Anees Hussain
Manager Public Works
anees.hussain@cn.ca

OPERATION
LIFESAVER

Rail Safety Tips for Municipal Workers

Whether you operate a snowplow, a road grader or do other work maintaining municipal infrastructure, working in proximity to railway crossings and tracks can be incredibly risky if you don't know your rail safety rules. Follow these important tips to help you stay safe, and share them with your colleagues—it could save lives.

OperationLifesaver.ca
LookListenLive.ca

BE PREPARED TO STOP AT ALL RAILWAY CROSSINGS

Slow down and be prepared to stop at all railway crossings. When approaching a crossing, open your window and turn off your fan and audio equipment so you can better hear oncoming trains. If a train is coming, stop behind any gates or stop lines, or no closer than 5 metres from the nearest rail.

HAVE A CLEAR VIEW OF THE TRACKS

Don't proceed through a railway crossing unless you have a clear view of the tracks and are sure no trains are approaching in either direction, on any track—especially at crossings with no flashing lights, bells or gates. Know how long your vehicle is and be aware of the amount of space on the other side of the crossing. To avoid stalling on the tracks, always cross in low gear without shifting. If you're driving a snowplow or road grader, be sure to raise the blade or other attachments high enough to clear the tracks.

KEEP RAIL CROSSINGS CLEAR OF SNOW, ICE, SALT AND SAND

Avoid piling snow or ice on or near rail crossings or access roads near tracks. Keep windrows to a minimum as they reduce visibility at crossings. Don't apply sand within three metres of rail crossings to prevent it from being carried onto the tracks. Never dump salt or chemicals directly on or near crossings as it can cause train signals to malfunction. Limit the use of sand and gravel as a build-up could contribute to derailments. If possible, completely clear snow from crossings to expose pavement markings.

CONTACT THE RAILWAY BEFORE STARTING WORK

Never park your equipment on or walk along railway tracks. If maintenance work needs to be done within eight metres of the tracks or near a crossing, you need permission from the railway to ensure safety and compliance with regulations. Always contact the railway **before** performing work in proximity to a rail crossing or tracks.

LEAVE YOUR VEHICLE IF IT STALLS OR GETS STUCK

If your equipment stalls or gets stuck at a crossing, get out immediately and move at least 30 metres away from the tracks. Contact the railway company immediately and let them know there is equipment on the tracks. If your equipment hits a rail, signage or signal equipment, report it immediately to the railway. Railway companies post their emergency numbers and crossing locations on a Blue Emergency Notification Sign under the crossbuck or near the crossing. This information may also be displayed on a nearby signal house. If you don't see a railway emergency number, call 911.

REMEMBER:

- Laws, regulations and policies governing work around train tracks vary by province and by railway—know the ones that apply to you, and make sure you're in compliance at all times.
- Anytime is train time. Crossing warning signals sometimes activate just 20 seconds before a train arrives. A large truck can take 18 seconds to clear the tracks from a standing start. So if you're working near a railway crossing, keep unnecessary equipment off the tracks, stay alert and stay safe!
- Report any dangerous conditions at railway crossings directly to the railway company or by calling 911.

Know the Signs and Signals

FLASHING RED LIGHTS

STOP when flashing. DO NOT proceed until the lights stop flashing. If the lights begin flashing after you start crossing the tracks, keep going.

CROSSBUCK

YIELD if a train is approaching. Trains always have the right-of-way.

LOWERING GATES AND FLASHING RED LIGHTS

A train is approaching (even if you don't see it yet). DO NOT proceed until the lights turn off and the gates go up. It's illegal and dangerous to go around lowered gates.

MULTIPLE TRACKS

Multiple tracks are present. Multiple tracks may mean multiple trains. Wait until you can see clearly down the tracks in both directions before proceeding.

PAVEMENT MARKINGS

A large "X" and a wide white line on the road mean you're approaching a railway crossing. Stay behind the white stop line while waiting for a train to pass. No stop line? Stop at least 5 metres from the nearest rail.

EMERGENCY NOTIFICATION SIGN (ENS)

This is the first phone number to call if a vehicle is stuck or stalls on the tracks (this number may also be found on the signal house). You can also dial it to report people, vehicles or debris on the tracks, as well as damaged signs or signals, or obstructed views. The mile post and subdivision listed on the sign will help the railway to identify your location.

LOW GROUND CLEARANCE CROSSING

Raised crossing ahead. If you drive anything low to the ground — like a bus, truck, sports car or trailer — you're at risk of getting hung up on the tracks. DO NOT proceed until you know your vehicle will clear the tracks.

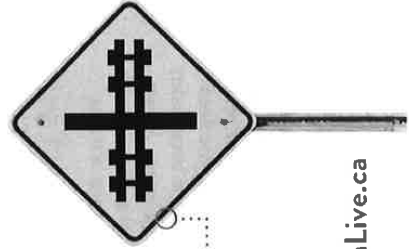

OPERATION
LIFESAVER

ADVANCE WARNING

Slow down, look, listen, and BE PREPARED TO STOP. Typically, this is the first sign you see when approaching a railway crossing.

There's still time to get your influenza vaccine

IH WIDE – Public health officials with Interior Health (IH) remind everyone there is still time to get your influenza vaccine (flu shot) and those six months and older are eligible.

It's easier than ever to get immunity for your community. Influenza vaccinations are free for everyone in B.C. six months of age or older, to best protect themselves, their loved ones, their communities and the health-care system this fall and winter.

"With a surge of respiratory illness in fall and winter, we encourage everyone to get an influenza vaccine for protection, especially while more people are socializing or traveling," says Dr. Fatemeh Sabet, an Interior Health medical health officer.

Families can book an appointment through the [Get Vaccinated system](#). Families with a child under 12 only need to book one appointment in a 6 month to 11 year clinic, and the whole family can get their COVID and influenza vaccines at the same time. Immunization appointments for people 12 and older are available at select community pharmacies and IH clinics, and are booked through the Get Vaccinated system. It's safe to get your COVID-19 booster at the same time as getting your influenza vaccination.

Although booking through the Get Vaccinated system is the most efficient way to access an influenza vaccine, limited walk-ins at some pharmacies continue to be available. Alternatively, you can phone the provincial call centre (toll-free) at 1-833-838-2323. If no appointments are available when you book, try again later or expand your search area; new appointments are added daily.

Getting immunized helps protect you and those around you by reducing the spread of influenza. Influenza can cause serious illness requiring hospitalization, which places additional demand on the health-care system that is still also seeing impacts from COVID-19.

Influenza vaccines are safe and effective. They have undergone rigorous review before getting approved by Health Canada.

In addition to getting vaccinated against influenza, frequent handwashing, respecting personal space, cough etiquette and staying home when sick continue to be important methods to limit the spread of germs.

NEWS RELEASE

For Immediate Release | Nov. 1, 2022

Interior Health Career Access Program adds 337 positions

IH WIDE – There are now even more opportunities to get into a health-care career with Interior Health (IH). An additional 337 Health Career Access Program (HCAP) positions have been approved: 20 new pilot positions within acute care at Royal Inland Hospital (RIH), 205 in long-term care and 112 in home health.

"We're proud of HCAP, a joint and fully funded training initiative between the Ministry of Health and the Ministry of Advanced Education and Skills Training, to address the shortage of health care assistants (HCA)," said Adrian Dix, Minister of Health. "This important program combines a paid work component, paid tuition and an educational stipend that creates an entry point to employment in health care."

New hires start as health care support workers, providing non-direct care at a long-term care, acute care or home health site. Participants become HCAs upon successful completion of the program.

"I am so proud to see more people consider joining the health system in health care support positions," said Anne Kang, Minister of Advanced Education and Skills Training. "There are so many valuable and important careers that start right here with the Health Career Access program in Interior Health. We look forward to the results of the pilot program, and I am confident that we'll see amazing people join a fulfilling, long-term career that makes a difference for people in British Columbia."

"The Health Career Access Program is an excellent opportunity to start a career in health care," said Dorothy Stanton, Health Career Access Program Leader at Interior Health. "It delivers the needed support in long-term care, home health and acute care environments, while providing financial stability to those completing the program."

HCAP typically requires six to eight months of full-time post-secondary education. Through HCAP, the cost of post-secondary education is covered while helping to place graduates in entry-level jobs. Each HCAP opportunity is equivalent to receiving a full scholarship to go to school. Graduates sign a 12-month Return of Service Agreement with IH in exchange for this funding.

This innovative program provides an opportunity for individuals to access a fulfilling health-care career within Interior Health (IH). It also enables the support of our aging population at home and in facility care, helps to provide high-quality care to seniors and addresses the need to fill vacant HCA positions.

"I'm loving what I do and thankful for all the kindness and encouragement I've received along the way," said Samantha Watters, health care assistant, Interior Health. "Because of HCAP and Interior Health, I'm here, in my 40s, starting my new career."

To learn more, visit the [HCAP page](#) on the IH website or contact healthcareeraccess@interiorhealth.ca.

Photo caption: Samantha Watters, health care assistant at Pleasant Valley Manor in Armstrong, and HCAP graduate.

Dear Mayor Stanke and Council Members;

I am so pleased to send my congratulations on your election (or re-election) to office. I appreciate the hard work and dedication that it takes to serve in local government positions and wish you all a very productive and rewarding term.

I also look forward to working with you during your term in office and would very much appreciate the opportunity to meet with Council in the new year to discuss issues of importance to your community, as well as to provide you with an update from Victoria.

Thank you for your willingness to take on this important responsibility of providing leadership to your community. I know that you will find the issues you encounter interesting and meaningful, the opinions diverse and thought provoking, and your service to community incredibly satisfying.

Once again congratulations!

Yours truly,

Jackie Tegart, MLA
Fraser-Nicola

Dear Mayor and Council:

As Minister of Children and Family Development, I am honoured to declare that November will once again be recognized as Adoption Awareness Month.

This month is about raising awareness for adoption and permanency in British Columbia and celebrating the families that provide children and youth with love and support as permanent members of their family. Adoptive families make a difference in the lives of children and youth by providing care, guidance, and a sense of belonging. They offer a welcoming stability, ensuring children and youth have the foundation they need to build the lives they dream of, while recognizing the importance of staying connected to their community and culture.

November is also about recognizing that there are children who are still waiting for permanent families. There continues to be a need for more adoptive families in British Columbia to provide children with permanent, secure, and loving homes.

There are many online resources and support services that can help families who are considering adoption in British Columbia.

- The [Ways to Adopt in British Columbia Web site](#) provides information on adoption in British Columbia, such as infant adoption, relative and step-parent adoption, and adopting a child or youth from another country.
- [Adopt BC Kids](#) is an online portal that provides British Columbians wishing to adopt children and youth from foster care with information and guidance through their adoption application.
- [The Adoptive Families Association of British Columbia](#) provides information and support services for families who wish to adopt now or in the future.

I encourage you to share these resources with your community members who are interested in becoming an adoptive or permanent family.

Please join me in celebrating November as Adoption Awareness Month to recognize all the families that have provided children and youth with the care, compassion, and the unselfish commitment of a permanent home, and to all those who may do so in the future. On behalf of the Government of British Columbia, thank you for your continued leadership in supporting adoptive and permanent families in your community.

Sincerely,

Mitzi Dean

Co-Chairs Elected for the Board of Education

At the November 1, 2022 Board of Education meeting, Trustees Larry Casper and Carmen Ranta were elected as Co-Chairs of the Board.

In addition, Trustee Donna Aljam was elected as the BC Public School Employers' Association (BCPSEA) representative and Trustee Valerie Adrian was elected as the BC School Trustees Association (BCSTA) Provincial Council representative.

07 November 2022

Gold Trail respectfully acknowledges that the land on which we gather is the unceded and traditional territory of the Nlaka'pamux, St'at'imc and Secwépemc First Peoples.

Staff Report to Council Open Meeting

Date: November 23, 2022
From: Chief Financial Officer
Subject: Council Laptops

Attachments:

Samples of laptops and prices.

Recommendations:

THAT Council approve the purchase of five new laptops for an amount of up to \$4000.00.

Background:

In 2018 iPads were purchased for newly elected Council. At the end of their four year term all members were given the option to purchase their unit for \$100.00 and all took advantage of this option. The purchase of five computers is now necessary for our new Council. Electronic devices are required so that staff has the ability to email agenda's and other pertinent information to Council. These are also used for Mayor and Council to produce their written council reports or to attend virtual meetings. Staff has researched many laptops and notepads and some choices have been provided.

The recommendation is to purchase through Kamloops Computer as the new devices will arrive ready to use and will include all the software required. As they are the IT Provider for the Village any support that may be needed will be provided. If purchasing online, the approved laptops can change in price and availability before the order is placed.

Financial Impacts:

The computers will be purchased with funds from the allocated training budget for Council in 2022.

Subject: RE: Tablets or Laptops

Hi Mandy,

Hope you are well! We typically don't really deal in Tablets here...but here are some laptop options about as cheap as I can get:

Refurbished: (these are a bit scuffed and look used but will do the job!)

Refurbished Laptop - Lenovo T460 - Intel Core i5-6300U / 2.4GHz - 8GB RAM - 240GB SSD - Windows 10 Pro - 1 Year Warranty

\$439+tax / each / **5 in stock**

3 year warranty option

\$49+tax

Or New we have these on Promo (with windows 11):

21DK000UUS Lenovo ThinkBook 14 G4 ABA 21DK000UUS 14" Notebook - Full HD - 1920 x 1080 - AMD Ryzen 5 5625U Hexa-core (6 Core) 2.30 GHz - 8 GB Total RAM - 8 GB On-board Memory - 256 GB SSD - Mineral Gray - AMD Chip - Windows 11 Pro - AMD

Radeon Graphics -, 1 year warranty

\$669+tax / each / **4 in stock** *1 left in stock to order - will hold for 24 hrs.*

3 year warranty option

\$99+tax

Or can order these with Windows 10:

Lenovo ThinkBook 14 G2 IFL 20VD0033US 14" Notebook - Full HD - 1920 x 1080 - Intel Core i5 i5-1135G7 Quad-core (4 Core)

2.40 GHz - 8 GB Total RAM - 256 GB SSD - Mineral Gray, 1 year warranty

\$699+tax / each / 1-2 business day order

3 year warranty option:

\$99+tax

+ I guess whatever work may be required by Kelly Brugger before shipping out

Let me know if any questions or if something looks good

Thanks again!

Brian

Windows 10 in S mode is a **version of Windows 10 that's streamlined for security and performance, while providing a familiar Windows experience**. To increase security, it allows only apps from Microsoft Store, and requires Microsoft Edge for safe browsing.

<https://support.microsoft.com/en-us/windows/windows-10-s-mode-faq>

Windows 10 and Windows 11 in S mode FAQ

About featured snippets • Feedback

People also ask

Is it safe to turn off Windows S mode?

Which is better S mode or Windows 10?

The big difference between Windows 10 S and any other version of Windows 10 is that **10 S can only run applications downloaded from the Windows Store**. Every other version of Windows 10 has the option to install applications from third-party sites and stores, as has the majority of versions of Windows before it. May 3, 2017

<https://www.theguardian.com/technology/may/windows-10-s-mode>

What is Windows 10 S and how is it different from regular Windows 10?

Search for: Which is better S mode or Windows 10?

What happens if you switch out of Windows S mode?

To increase security and performance, Windows 10 in S mode runs only apps from the Microsoft Store. If you want to install an app that isn't available in the Microsoft Store, you'll need to permanently switch out of S mode. There's no charge to switch out of S mode, but you won't be able to turn it back on.

Staff Report to Council Open Meeting

Date: Nov 9, 2022

From: Community Development Coordinator

Subject: B.C. Active Transportation Infrastructure Application

Attachments:

NONE

Recommendations:

THAT, Council support the application to the B.C. Active Transportation Infrastructure fund for the improvement of the pedestrian corridor.

Background:

The B.C. Active Transportation Infrastructure Grants Program provides guidance and cost-sharing for B.C. communities to make it easier and safer for people to walk, ride or roll using active transportation routes.

The Village has completed a grant application to support the improvement of the pedestrian corridor from Cariboo Ave to McDonald Ave on both the North and South sides of Hwy 97. This project will see the surface leveled with the addition of concrete sidewalks and the replacement of curbs as needed.

Financial Impacts:

Total Project Cost: \$316,061.00

Portion funded by grant: \$221,243.00

Village Portion: \$94,818.00

The Village portion of the Grant (\$94,818.00) will come from the Community Works Fund.
