SCHEDULE 6

2025 – 2029 STATEMENT OF OBJECTIVES AND POLICIES

In accordance with Section 165(3.1) of the Community Charter, the Village of Clinton is required to include in the Five-Year Financial Plan, objectives and policies regarding each of the following:

1. The proportion of total revenue that comes from each of the funding sources described in Section 165(7) of the Community Charter;
2. The distribution of property taxes among the property classes; and
3. The use of permissive tax exemptions.

Funding Sources

Table 1 shows the proportion of total revenue proposed to be raised from each funding source in 2025.

Table 1: Distribution of Revenues

Revenue Source	$ Value	% of Revenue
Real Property Taxes/Grants in lieu of taxes	$ 956,678	51%
User fees & charges	$ 218,992	10%
Grants/Transfers	$ 755,386	39%
	$ 1,931,056	100%

Property taxes are the largest proportion of revenue for 2025. Taxation revenues are utilized to support the operational needs of the Village. These include services such as general legislative and administration services, fire protection, facilities operations, repairs and maintenance, and infrastructure repairs, maintenance and improvements.

Grant funding includes the unconditional Small Community Grant estimated at $382,000, and various forms of federal, provincial, and regional sources including Northern Development Initiative Trust.

User fees and charges are used to fund specified services such as water and sewer services. User fees attempt to apportion the value of a service to those who use the service.

Transfers to/from Surplus/Reserves are funds which have been set aside for specified or unspecified projects or projects which must comply with specific funding conditions, restricted or conditional funds.

Distribution of Property Tax

The residential property class continues to provide the largest proportion of property tax revenue. This is appropriate as this class also forms the largest portion of the assessment base and consumes most Village services.

Distribution of Property Tax Revenues

Class	**2024** AMOUNT $	**2025** AMOUNT $	Class Weight %
Residential	611,260	637, 789	70.56%
Utilities	16,283	17,173	1.90%
Light Industry	16,172	17,364	1.92%
Business & Other	221,702	230,785	25.53%
Recreation/Non-Profit	533	532	0.06%
Farm	295	294	0.03%
Total Assessment	**866,245**	**903,937**	**100%**

Objectives

- That the Provincial Class Multiples for 2025 will be used in establishing municipal tax rates

Policies

- Supplement, where possible, revenues from user fees and charges to help to offset the burden on the entire property tax base as a result of rising operating and capital replacement costs.
- Pursue additional revenue opportunities.
- Continue to maintain and encourage initiatives designed to attract more retail and commercial businesses to invest in the community. New investment from these areas will help provide more revenue for the Village.
- Regularly review and compare the Village's distribution of tax burden relative to other municipalities in British Columbia.
